## HADD-4887

- 1. I have discussed the problem posed in reference with the local GRACTIVE chief. He gave me the attached list of applicants who replied to the recent ad in the Madrid nemspaper for a Mussian-Spanish translator. These names were all checked with the DOS and only those approved by the DGS were considered. All those being considered have already been interviewed. It is the opinion of QEACTIVE locally that any further interviews would blow the QEACTIVE-ECHARK relationship to the DGB. Any further interviews would only seem regular, according to QXACTIVE, if some by their security can from Munich.
- 2. In short, the local GRACTIVE chief states that he does not feel free to take any action in support of local KUMARK projects unless he is instructed to do so by his New York headquarters.
  - 3. The six applicants who are being considered at this time are:

Consuelo ARGUELLES Fernandes Américo PEREAKUES Dias House to PERMANDEE Rodrigues Cour GARCIA-GARCIA Remedica GARCIA Mallada Boifento IRANEE Alvares
